### PROVIDER PAYMENTS FOR JUNE CARE

Date: June 19, 2009

To: Child Action, Inc. Employees

From: Lynn Patten, Executive Director

---

Many of you have asked about how to respond to questions from parents and providers regarding their payment for June care. At this point, we have the funds to pay for June care in July for Stage 2, 3 and CAPP. For Stage 1, we have been given assurance from the County that they will give us the money we need for July payments for June care, so we expect to be able to make those payments as well.

We will keep everyone posted with any new information that we get. Thanks for your patience.
